

REMARKS:

Claims 2-11 remain in the case and are presented for consideration.

The specification was been amended to delete reference to the inventor's provisional application in view of the Examiner's comments and the late filing of the current application so that the application and claims are now believed to be in condition for allowance, and favorable action is respectfully requested.

If any issues remain, the Examiner is respectfully invited to contact the undersigned at the number below, to advance this application to allowance.

Respectfully submitted,

/PETER C. MICHALOS/
